

Steve Moses

1. Where are you from?

I am a southerner, hailing from Hampshire but with roots in Devon and Cornwall!

2. Why are you in Loughborough?

That's a long story! Short version is we came from Nottingham invited by Gareth Duffy back in 1995 and we've been here ever since!

3. What is your heart for King's Church?

My desire for all who are part of Kings is that they are a living expression of Jesus Christ in the places where they live and work. Kings Church (like any church) is not meant to live for itself; it lives for the community it serves and displays the fruit of the Spirit for all to enjoy and benefit from.

4. Tell us something quirky about yourself?

I like hoovering! (well that's what my kids would say!)

5. Tell us about your family?

I am married to Helen and we have two wonderful teenagers who constantly bring a whole new dynamic to our lives - we'd be lost without them!

6. 5 words that best describe you. Go!

Caring, responsible, emotional, reflective, tendency to workaholic-ism.
